POOLGUYS
Serving the Valley since 1997

☰ Menu

Your pool is fighting 115° heat, monsoon dust and hard water. We fight back every week.

Family owned since 1997. We service, repair and remodel residential pools across the Valley of the Sun, and every visit shows up in your client area, with the readings and what we did.

- Licensed and insured
- Same tech, same day
- 29 years in the Valley

POOLGUYS · Client area

N Norm N.

1247 E Desert Willow Dr

Last visit · Tue, Sep 2 · 8:42 AM

Chlorine	pH	Filter
`3.0` ppm	`7.4`	`12` psi

Brushed walls and steps, skimmed monsoon debris, emptied both baskets, backwashed the filter.

Visit history

●	Aug 26	Everything in range
●	Aug 19	Everything in range
●	Aug 12	pH ran high, added acid

Next visit ● **Tue, Sep 9**

29

years serving the Valley, since 1997

Family

owned and operated, still

4

cities, Scottsdale to Cave Creek

52

visits a year, every one logged

Three things we do, and we do them all year

Pools in the desert do not get an off season. Neither do we.

Pool maintenance

The weekly visit that keeps water clear and equipment alive.

- Chemistry balanced and logged
- Brush, skim, vacuum, baskets
- Filter cleaned and backwashed
- Every visit in your client area

Pool repairs

Pumps, heaters, filters and automation, diagnosed and fixed.

- Pump and motor replacement
- Heater and salt cell service
- Leak detection
- Upfront pricing before we start

Pool remodels

Resurfacing and tile work that makes a

tired pool look new.

- Pebble and plaster resurfacing
- Waterline tile and coping
- Equipment upgrades
- Photos at every stage

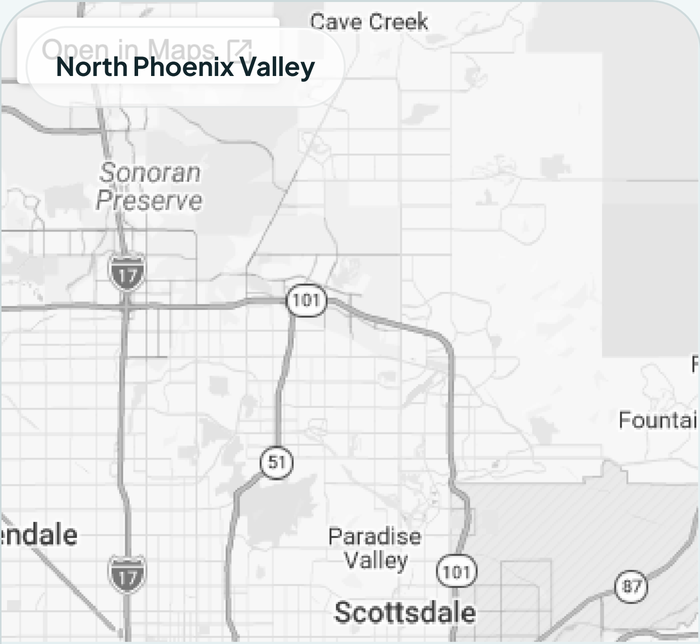
Pools we take care of

Real backyards across Scottsdale and Paradise Valley. Boulders, waterfalls, pebble finishes, the works.

Rock waterfall

Natural rock edge

Photos from your current site, upscaled for this concept. The final build uses fresh, full-resolution shots of the pools you service today.



Where our trucks go

Routes are grouped by neighborhood, so your pool gets the same tech on the same day each week.

Scottsdale

Mon Tue

Paradise Valley

Tue Wed

Cave Creek

Thu

Phoenix

Wed Fri

Not on the list? Ask. We add neighborhoods as routes fill.

Every visit, logged. You see it before you get home.

The client area is what no other pool company in the Valley gives you: proof, in your phone, that the work was done and the water is right.

Readings, every visit

Chlorine, pH, alkalinity and filter pressure, the moment the tech tests them. You know what the water is doing, week after week.

`Cl 3.0 ppm · pH 7.4 · 12 psi`

Photos when something is off

A cracked skimmer lid, a pump making noise, algae after a storm. You get the picture and the fix, with a price, before we touch it.

`Aug 12 · pH ran high, added acid`

Next visit, always known

Same tech, same day. If a monsoon moves

the route, you see the new time in the app, not in a voicemail.

`Next visit · Tue, Sep 9`

Start weekly service

No contract to start. The client area comes with every weekly plan.

Tell us about your pool

Send it over and we will come out, look at the water and the equipment, and give you a price. No charge for the visit.
